**Figure 9(a)**

<u>Network clusters of keywords</u>

*416 keywords out of 6,264 (both author keywords and key-words plus) with a minimum of 5 occurrences.*

- Two most frequent keywords- "openstreetmap" （816 occurrences) and "volunteered geographic information" (225 occurrences) were excluded to avoid overshadowing other keywords
- A total of 414 keywords were analyzed.
